ABOUT US

We are a thriving public accounting and consulting practice located in Bedford, NS who have been in operation for over 12 years. Our scope of clients include small-medium size businesses; not-for-profit organizations; and individuals with complex accounting and taxation needs.

We are a CPA-approved learning office with a team of knowledgeable professionals including CPAs, CPA students, other professionals and oftentimes co-op students. Our practice has grown significantly over the past twelve years solely as a result of referrals from our satisfied clients and a network of other professionals who have recommended us to their clients after experience with our work, our staff, and our culture. We are fortunate to have a very enjoyable client-base whose quality we attribute to our referral-based growth – we believe people tend to refer other people they like and respect to their own accountant.

Our office dog, Gigi (non-shedding Havanese mix) does her part to keep things entertaining and rounds out the team - she usually only works mornings, but she has great people skills!
